

Multiple Roster Form

Multi-Rostering is a privilege, not a right. All multi-rosters must be approved by the player's primary team coach **and** the Organizational Member (club). This form must be completed and not missing any information or signatures.

You must register for your primary team before submitting this form to all parties. The secondary Certified League Registrar will process the form and manually add the player onto their secondary team.

This form is an acknowledgement that the player listed below is playing on two teams. The player's first obligation is to the Primary team. If the player wishes to change their primary team, they may do so by following the transfer procedure. If a player decides to no longer be multi-rostered they must fill out a Player Permission to Drop form prior to being released.

Approval for Recreation players wishing to multi-roster to a competitive program must obtain approval from their recreation program prior to submission of form

Please note that if a player is multi-rostered they may not Club Pass. This includes both their primary and secondary teams. If it is found that a multi-rostered player has club passed, the game(s) that they were illegally rostered will be marked as forfeit(s).
